THE SUMMARY OF THE BOOK

In this book, the way of treatment by means of those Noble verses (Ayaat) of The Noble Quran has been mentioned. The Holy Prophet (*sallallahu alaihi wasallam*) has cured the diseases by means of these verses (Ayaat) of The Quran. Our noble theologians and Mashaikh have always been treating their diseases by means of The Quranic verses (Ayaat). The fresh events have been mentioned in regard to those people who have gained advantage of it. On seeing some reports of them, the American experts as well as the famous doctors have been astonished. This treatment is only for those people who give the value to the prayer and think that it is only Allah who cures and heals. Moreover they have belief in this verse of The Quran :

"when I am ill It is He who cures me." (surah: shuara: 80)

In this brief collection, in this manner, there is treatment of each disease, there is a cure for each disease whether this is physical disease or due to which the effect of jinn and incantation. In particular, the doctors fail in doing treatment of such diseases and they declare the disease as incurable or they advise to do operation, as cancer, heart's diseases and tumour, the hardened gland of any kind, sterility, incantation and the impression of jinn, rheumatism, gout, and evil eye and to save from thieves and beast of prey etc. Besides it due to the auspiciousness of these Verses (Ayaat), the mother can give birth to a baby at the time of giving birth without operation. The above mentioned for all purposes, all the Verses (Ayaat) written in the end of this book, one is advised to recite on all these Verses according to the ways, given in this book till he gets complete cure.

APPRECIATION

BY: Ustaz-u-lfiqh-wa-alfatseerjame-ul-maqulat-wal-manqoolat

Hazrat Mufti Muzammil Husain sahib (damatharekatahum)

DarulUloomDeoband.

الحمد لله وكفى وسلام على عباده الذين الصطفى اما بعد :

The Holy Quran is the means of curing hearts, and deliverance from polytheism, infidelity, immorality meanness and hidden disease is an apparent matter. The whole ummah is unanimously agreed to it. This is the main object of revealing The Quran. In the sight of some theologians, as just as there is healing for hidden diseases, as just as there is healing for physical diseases too, that after reciting The Quran to blow over someone at incantation or to wear a charm (talisman) gives healing to physical diseases. It can be proved by narrations and

Ahadith.(Maariful Quran 522/5,naimya, Roohul-maani 210/9, surah Isra 82)

We find mentioning about Verses (Ayaat) of The Quran for healing (curing) magical charms and some diseases in Ahadith. As just as in regard to some Verses, there are experiences of the nobles and spiritualists. As the people have no knowledge this is why they are deprived of advantages of them. So come into existence of the book consisting a collection of Verses, daily recitation and repeat incantation relating to him, is a service to the mankind and an appreciable work. My dear (student) Molana Uzair Ahmad sahib Bulandshahri zeed majdahu, by working hard has prepared this collection into better form. The whole book is certified. This is worthy of getting advantage from it. I pray to Allah, May Allah grant this book and bless above mentioned person with the reward of virtue in hereafter for this deed.

APPRECIATION

By: Shafeequl-ummat , Jaanashin-e-Faqeehul Ummat **Hazrat Maulana Ibraheem sahab pandwar** (damat barakatahum.)

The Holy book Quran besides being a guidance is also a merciful and completely recovers from sickness. Besides being rightly guided, the people have been getting treatment from different kinds of diseases and sorcery (enchantment) since the Holy Quran has revealed. But Allah, has descended some Ayats of Quran to eliminate the effect of enchantment. As (surah Falaq and surah Naas) are witness of it.

Alhamdu lillah (God be praised), many people have got physical and spiritual relief through the blessings of Qurani Ayats written in this book "The Easy Treatment of Cancer, Incantation And Other Old Diseases Through The Blessings Of The Quran." Now this book is being published in another language with translation besides urdu. It is a great need of this book this time. While the people have begun to lack in getting treatment through the blessings of Qurani Ayats directly. They think that incantation (enchantment) etc. can be treated only by a sorcerer or pandit/ sage (Hindu scholars)

or through defiled practice a spell or charm. On some time, some people are seen involved in the action of polytheism in order to get rid of their diseases, incantation and supernatural of genii.

So gain benefit, having faith in magnificent and exalted The Holy Quran of your Lord (Allah) through the blessing of Ayats written in this book and get cure from all kinds of diseases and invite the attention of another person towards it. I pray to Allah, May Allah grant its translations and its real text in his court and May Allah bestow upon our dear friend, the compiler of this book, Mufti Uzair Ahmad sallamahu to serve the religion more and more.

PREFACE

As a matter of fact the treatment through Quranic verses (Ayats) is the treatment through such prayers for which Allah has not only promised in Quran to grant but also, He has commanded to follow. The treatment is done through that effective and strong thing which has been created by Almighty Allah. The effect of these Ayats is so much heavy that:

لَوْ أَلَزَمْنَا هَذَا الْقُرْآنَ عَلَى جَبَلٍ لَرَأَيْنَاهُ خَاشِعًا مُتَصَدِّعًا مِّنْ خَشْيَةِ اللَّهِ (سورة حشر: ٢١)

(If we sent down this Quran on a mountain, surely you would have seen it humble itself and cleave asunder for fear of Allah).

It was the effect of this prayer that Hazrat Asif Barkhya, a great scholar, who had knowledge of Allah's book, brought a royal throne of Bilqees in a

moment and placed it at the feet of Hazrat Suleiman (AS). About which Quran has explained:

﴿قَالَ الَّذِي عِنْدَهُ عِلْمٌ مِّنَ الْكِتَابِ إِنَّا آتَيْنَكَ بِهِ قَبْلَ أَنْ يَرْتَدَّ إِلَيْكَ طَرْفُكَ فَلَمَّا رَآهُ مُسْتَقِرًّا عِنْدَهُ قَالَ هَذَا مِن فَضْلِ رَبِّي﴾ (سوره نمل: ٢٠)

(Said one who had knowledge of the book, "I will bring it to thee before ever thy glance returns to thee" then when

Hazrat Suleiman عليه السلام saw it place firmly before him, he said, "This is by the grace of my Lord.")

These prayers are those divine powers which have challenged the enchantment of magician (a sorcerer) till the world exists Allah has said in The Quran:

﴿وَلَا يُفْلِحُ السَّاحِرُ حَيْثُ أَتَى﴾ (سوره طه: ٦٩)

(A wizard shall not be successful to whatever point of skill he may attain.)

And said:

﴿وَقُلْ جَاءَ الْحَقُّ وَزَهَّقَ الْبَاطِلُ إِنَّ الْبَاطِلَ كَانَ زَهُوقًا﴾ (نقى اسر ائيل: ٨١)

(And say, "Truth has arrived and falsehood perished. For falsehood is by its nature bound to perish.")

These are divine words which make the power of jinns and satans (devils) ineffective and weak. In regard to this Allah says:

﴿إِنَّ كَيْدَ الشَّيْطَانِ كَانَ ضَعِيفًا﴾ (سورة نساء: ٢٦)

(Lo, Satan's strategy is ever weak.)

When the wizards (magician) of the time of firaun (pharaoh) saw the real power and most affective words of Allah fell down for prostration and embraced Islam.

These are the sayings of Allah which were read by Isa (AS) on the different kinds of incurable diseases but they got well atonce. The people, who could not see, became able to see. Leprosies came but when they returned, they were healthy. But these the sayings of Allah, by the command of Allah became for the dead healing power (brought the dead life.)

This is the very Quran whose "*surah Falaq*" and "*surah Naas*" have been created celestial and in order to remove evil spirit. Allah has revealed these surahs (chapters of The Holy Quran) in order to remove all kinds of influence of incantation.

This is the very Quran whose each Ayat (Verse) is a cure and full of mercy. It has been declared so in The Quran.

وَنَزَّلْنَا مِنَ الْقُرْآنِ مَا هُوَ شِفَاءٌ وَرَحْمَةٌ لِّلْمُؤْمِنِينَ (سورة بنى اسرائيل : ٨٢)

(We send down (stage by stage) of The Quran that which is a healing and a mercy.)

It is only The Quran of all sky books we get cure by reciting it. There is no same effect and soul in another book.

The virtuous people who follow the Holy Prophet (ﷺ) as well as the Holy Prophet (ﷺ) treated through these Quranic Ayaat.

The wonderful treatment through these Ayaat (Verses) of The Quran as well as extraordinary effect not only has astonished The Muslims but also astonished the progressive and expert American doctors and they were compelled to accept The Quran as the means of getting cure.

This is the reason that in some villages many non-Muslims men and women stand outside the gate

of the mosques in the queue to have below over water or over the babies or over their heads.

The chief sorcerers (magicians) as well as the big jinn and Dev (giant) have abandoned their mischief to see the wonderful and extraordinary effect of The Holy Quran. It is not wisdom for those people who sell their Iman (faith) to the hands of pandit (Hindu scholars), sorcerers, soothsayers or astrologers for the temporary treatment and the relief for the time being. So, one should not go at all to such people.

No disease is incurable

There has come upon in a Hadith that:

"there is no disease which could not be cured." (Bukhari, mishkat:387 old)

Now we have come to know that there is treatment of each disease.

As much as the human being feels the need of the things as much as Allah provides that thing in a large quantity. Undoubtedly there is treatment in

The Quran and Hadith for these diseases as cancer, enchantment, the influence of jinn, heart's diseases, sterility, gout etc are to a great extent. The classification of The Quran and Hadith, the certifying experience as well as the wonderful events happened with the people tell us that the prayers of The Quran and Hadith and the science of medicines of the Holy prophet (*sallallahu alaihi wasallam*) (Tibb-e-nabavi) have perfect treatment for these diseases. If one gets no cure he should think either Allah has not wished in favour of him so far or he has some deficiency in his belief.

We have come to know that the diseases which are considered as expensive and lengthy or incurable are not so. But there is brief and free treatment in The Quran and Hadith. So, this responsibility falls upon us that we should keep some things in our view at the time of treatment.

1. The prayers which have been given in The Quran and Hadith should be recited for those diseases they need. One should recite prayers to see the prayers in the books of prayers.

2. The prayers which have been mentioned in The Quran and Hadith must be read by the experienced persons, for those diseases for which they are beneficial. In particular, the Verses which have been mentioned in the book must be read.
3. The medicines which have been prescribed by The Holy Prophet (*sallallahu alaihi wasallam*) must be used in treatment. But a Muslim should give priority to the Nabvi treatment over other treatments. The Holy Prophet (*sallallahu alaihi wasallam*) prescribed that Honey and Kalonji (nigella) have healing for each disease. We should treat our disease with these two things. In particular those persons who are suffering from incurable disease and lengthy treatment otherwise each disease should be treated through Tibb-e-Nabavi and it is Sunnah.

In the beginning of this booklet, the proofs of experiences and events of those people who have got cure through the blessings of The Quran of Allah, many people have got renunciation from such disease as cancer, tumor, and fatal disease through

this treatment, How should one get benefit from these Verses and the manners of reciting The Quran have been given in detail.

It is only my object to write this booklet that, like English and other treatments, through the Verses of The Quran should be treated at first before those treatments. Even The Holy Quran should be considered of them as the means of getting cure so that the men and women may treat easily at their homes. But the treatment should not be made with the intention of getting experience but it should be treated with the intention of getting cure.

May Allah bestow cure to those persons who want to get benefit through this treatment.

This is my first booklet is going to be published, on this occasion I pay thanks to all the teachers and my sheikh Hazrat Molana Ibrahim pandori *damat barakatufum*. And I pay thanks to my brothers and sisters. It is the result of affection of these persons that Allah has made me worthy to pen.

Besides it, I pay thank to my life partner, Umme Ahmad. (M.A. Jamia Millia Islamia) who typed

arranged this booklet besides pulling on their children.

The people who get healing (cure) should pray to Allah, in favour of those people who made an effort in publication of this booklet.

Learned and educated are requested to inform me if they find any mistake in it.

May Allah grant this booklet only for the pleasure of His. (Ameen.)

Proof of this collection

The verses of the Quran for the treatment of incantation, the influence of jinn, evil spirit have been mentioned in the books of Ahadith. For example, in Ibn-e-Maja and Musnad Ahmad etc. there is an event also in Musnad Ahmad. This event is quoted here. Some Verses on the basis of experience have been included more, besides the Ayaat of this narration of this collection.

ذكر الامام احمد عن ابي بن كعب رضى الله عنه قال : كنت عند النبي صل الله عليه وسلم فجاء اعرابي فقال ، يا نبي الله ، ان لى اخا و به وجع، قال : وما وجعه؟ قال : به لمم ، قال : فماتنى به ، فوضعه بين يديه فعوذه انى صل الله عليه وسلم بفاتحة الكتاب، واربع آيات من اول سورة البقرة ، وهاتين : ” آيتين : واليهكم الـ واحد : (البقرة : ١٢٤) وآية الكرسي ، وثلاث آيات من آخر سورة البقرة ، وآية من آل عمران : شهد الله انه لا اله الا هو (آل عمران : ١٨) وآية من الاعراف : ان ربكم الله الذى خلق السموات والارض (سورة الاعراف : ٥٤) وآخر سورة المومنين : فتعالى الله ملك الحق (سورة المومنين : ١١٤) وآية من سورة الجن : وانه تعالى جد ربنا (سورة الجن : ٢) ، وعشر آيات من اول الصافات، وثلاث آيات من آخر سورة الحشر ، وقل هو الله احد، والمعوذتين ، فقام الرجل كانه لم يشترك قط (مسند احمد : ٢١٢٣٢)

"Hazrat Ubai bin kaab (*raziyallahu anhu*) narrates, "I was present in the service of The Holy Prophet (*sallallahu alaihi wasallam*) that a rustic came there. He requested, O, The Holy Prophet (*sallallahu alaihi wasallam*) of Allah, I have a brother. He is ill and he is troubled. The Holy Prophet (*sallallahu alaihi wasallam*) asked, "what affliction does he have?" He said, "He has the influence of evil spirit." The Holy Prophet (*sallallahu alaihi wasallam*) said to him, "come to me with him." Hence he brought his brother. He made his brother sit before The Holy Prophet (*sallallahu alaihi wasallam*). The Holy Prophet (*sallallahu alaihi wasallam*) recited these Verses on him..... . The result was that he got well. He stood in this way as if he had no trouble."

These Verses have always been in the practice of the nobles

On the coming next pages, the Verses of The Quran have been mentioned, have always been in the practice of the nobles. Hazrat Moulana Talha sahib (*madaha zillatuhul Aali*), the son of Hazrat Molana

Zakarya) (*rahmatullahi alaihi*) says in the beginning of his Manzil (33 verses of the Quran):

“The people of our family (dynasty) (Mashaikh-e-kandla) used to recite this Manzil when they did prayer and practiced a spell. It was custom that the children were made to learn by hearts this Manzil from their childhood.

He further says that this Manzil is a proved remedy that keeps safe from the influence of evil spirit and incantation (black magic) and other dangers. These Ayats are written to some extent more or less in Al-Qaul-al-jameel and Bahishti Zewar. In Al-Qaul-al-jameel, Hazrat shah Waliullah Muhaddith Dehlvi (*quddis sirruhu*) says, “These are thirty three Ayaat (verses) which dispel the influence of incantation. By means of them, one gets protection from shayateen (devils), thieves and beast of prey. In Bahishti Zewar Hazrat Molana Ashraf Ali Thanvi (*Rahmatullahi alaihi*) says, “If someone feels to have influence of evil spirit, having written the following Verses, he should put it on round the neck of the patient. After blowing it over water, he should sprinkle water over the patient. If there is influence in the house, having read these Verses over water,

he should sprinkle water over all the corners of the house. (Bahisht/ Zewar:9/88)

The man who practices a spell needs to pay full attention. As much as one pays full attention in praying with belief as much as it has effect. There is a great auspiciousness in the name of Allah and His Quran.(Mukhtasar Al-Hizb-ul-Azam)

There is healing for each disease in The Holy Quran

The Quran in which there is a healing to those people who are lacking in belief and immoral (rude) as are the means of destruction for spiritual disease as just as there is a healing to physical and sensual, carnal, in particular those diseases which are declared incurable today. In The Quran Allah says:

وَلَنَزَّلُ مِنَ الْقُرْآنِ مَا هُوَ شِفَاءٌ وَرَحْمَةٌ لِّلْمُؤْمِنِينَ (سورة يٰ اٰسراء: ٨٢)

"We send down (stage by stage) of Quran that which is a healing and a mercy to those who believe." (Bayanul Quran)

Approximately six Verses of the Quran and numberless Ahadith argue that there is a cure for

each kind of disease by means of The Quran. (Maariful Quran:5/522 Naimiya)

There has come upon in a Hadith that the treatment by means of The Quran is regarded as essential.

عن عبد الله ابن مسعود رضى الله عنه قال رسول الله صلى الله عليه وسلم عليكم يا لشفتائين : العمل
والقرآن ، رواهما ابن ماجه والبيهقي فى شعب الايمان (رقم الحديث: ٢٥٢١ ص: ٣٩١)

"Hazrat Ibn-e-Masood (razissalahu anhu) narrates, "two cures are essential for you: Honey and Quran".

This Hadith is according to the condition of shaikhain.

Hazrat Imam Fakhruddin Razi (rahmatullahi alaihi) has written, the big parties, who exorcize, are agree to it that they serve their purpose by using many of those words about which they do not know meaning of some words are equivocal (doubtful). What a great Quran of Allah is!

Its each word is not only apparent but also it has apparent meaning.

The condition of getting cure through blessings of The Quran

The man who has the following conditions will get cure by means of The Quran, given below in order.

- To have faith in Allah that, He will certainly cure me through the blessing of these Verses. In spite of it, if I do not get cure, I am agree to His intention; because my Lord knows better about what thing is in favour of me and unfavour of me.
- He should not make haste in getting cure.
- Having repented of his sins, he should be punctual of earning lawful livelihood and he should do virtuous deeds. As Allah says in The Quran:

قُلْ هُوَ يَلْزِمُ الَّذِينَ آمَنُوا هُدًى وَشِفَاءً وَالَّذِينَ لَا يُؤْمِنُونَ فِي آذَانِهِمْ وَقْرٌ وَهُوَ عَلَيْهِمْ عَمًى

(سورة فصلت: ٤٢)

"Say! It is a guide and a healing to those who believe and for those who believe not, there is deafness in their ears and it is blindness in their eyes."

The wonderful effect of The Holy Quran

There is an event of the ancient time, a prince fell ill. A great noble of that time came, with beads (rosary) and stick (mace) in their hands to visit the ailing prince. On reaching there, he saw sheikh Boo Ali Ibn-e-Sina who was royal physician, head of the physicians and a teacher of many physicians of that time, besides it he invented many remedies of indigenous system of medicine, he was considered as an expert of his art, was already there. He was feeling the pulse, and diagnosing. On reaching there, the noble man put his hand on the stomach of the child and read something and then blow over the stomach of the child, Ibn-e-Sina said, "what is the old man doing? What does he say," Min-Min-chhu-chhu." What does he say this?" These words do not stand on one place and they have no existence. Three words came out of the mouth and blew away. There is suddha (a piece of hardened latrine) in his stomach. He should be given a dissolving medicine, so that it may dissolve the suddha. What is the use of reading this and blowing over the patient? The noble person looked at Ibn-e-Sina and said, "O, dog! What have you said?" O, dog! What did you speak?" In

short as soon as he heard this, the face of Hakim Ibn-e-Sina became red in anger. The noble person blew again after reading and then he looked at Ibn-e-Sina and said, "O, donkey! Thou has not understood yet?"

In the court of the king, the noble person uttered "dog and donkey" to Ibn-e-Sina. On hearing this the condition of Ibn-e-Sina changed, because of getting anger, his mouth began to foam. He grew very jealous. He began to shiver with anger. Now the noble man blew over patient second time. The noble man asked, "honourable physician, What is the matter?" "How are you?" "Why is the colour of your face getting red?" "Why are you shivering?" "Why is there foam in your mouth?" "Why are you so much in anger?"

Ibn-e-Sina said. "You have uttered such a word to me, I grew very jealous.

The noble man said, "The words coming out of the mouth went to an end, they have no effect. And he said, "Malice words change the temperament in this way as your temperament changed. It may be the words which I read and blow over the patient, can change the temperament and it shall create the heat and then suddha should come out.

The physician was examining the pulse. Allah made that suddha expel out through the blessings of the blowing and the child got well.

American doctors were struck with amazement.

A man of Saudi Arab suffered from cancer. He tried his best to get treatment in his own country, but he was told that there was no treatment for this disease. It can probably be treated in any country of the west. That man being compelled had to go to America for this purpose. His friend was also along with him.

American doctors examined that Saudi Arabian patient completely. After that, the doctors called his friend to them and said to him, "no treatment is possible for your patient; because his disease has grown very much. Now he will remain in this same condition till he dies.

Suddenly, the friend of the patient recollected the sayings of Allah.

﴿وَإِذَا مَرَضْتَ فَهُوَ يَشْفِيكَ﴾

In which Allah has quoted the words of Hazrat Ibrahim (asaihiissalam).

"When I fall ill, it is Allah who cures me."

That fellow started to recite The Quran and blew over the patient. He did so for many times; what does he see next day? His friend felt somewhat relief in his disease. He continued to recite The Quran and blew over his ailing fellow was getting healing (cure). And then he increased practice of reciting The Quran and blew over his fellow patient. The result was that his fellow got improvement very much (recovered from illness.)

When the patient was checked up again, the American doctors asked with surprise, "Is it the same patient that was examined before this by us???"

The fellow of the patient replied, "Yes sir, this is the very patient."

Thus, he got well completely through the blessing of The Quran and the help of Allah. He had no complaint of cancer and hardened gland now.

Undoubtedly, there is a healing in only the hands of Allah. The Quran is a powerful means of giving healing (cure).

The treatment of cancer in liver through the blessings of The Quran.

Just like this, a young woman had the complaint of cancer in liver. The doctor told woman's brother that there was no treatment for the disease of his sister. This disease will increase on like this and she can die on some days.

On the other side, when the young woman heard about her fatal disease, she asked his brother for The Quran and said, "I want to recite The Quran and she went on reciting The Quran day and night, she blew over her palms and moved them over her body as far as she could. The result was she got relief. In this way, she kept this action on, by doing so, she got well. The doctors were very much surprised when they saw their patient getting well day by day. Thus for some days hardly passed that

incurable girl got completely well, without any medicine and operation.

A new research

(On sometimes cancer grows by the influence of jinn)

The expert of Arabian scholars as well as non Arabs who cure spiritual ailments and influence of jinn, have proved it in the light of their experiences that cancer, the diseases relating to heart, there is bleeding of womb abundantly except in the period of monthly course, many other diseases of this current age grow sometimes by the influence of jinn. There has come upon in Ahadith also, that there is the blood of menstruation except the period of monthly course because of the influence of jinn. The Holy Prophet (sallallahu alaihi wassallam) said,

"الاستحاضة من ركضات الشيطان" (رواه الترمذی وابو داود واحمد مرفوعاً)

"The blood of menstruation except the period of monthly course comes because of the possession of jinn."

If there is no influence of jinn even there such patients have been cured through the blessings of the verses of The Quran. There should be no surprise that there is healing of cancer through the blessing of the verses of The Quran. In regard to The Quran, Allah has said to this degree.

"If we had revealed Quran on the rocky hills, it would have broken it into pieces." (surah Hashr:21)

There is certification about this in "*seerah² Hashar.*" In further pages the experience and events certifying this.

The wonderful events and the experiences through the blessings of these Quranic verses

These are some events out of thousands events for those people who admit that there are other big diseases except other famous diseases as incantation, the influences of jinns, evil eye etc, and those people who have faith that The Noble Quran cures every disease whether it is physical or spiritual. As Allah says in The Quran:

وَنَزَّلْنَا مِنَ الْقُرْآنِ مَا هُوَ شِفَاءٌ وَرَحْمَةٌ لِّلْمُؤْمِنِينَ (سورة يونس اسراء: ٨٢)

"We send down (stage by stage) of The Quran that which is a healing and a mercy to those who believe." (Bayan-ul-Quran)

And for that man who regards the prayer and lamentation as a blessing for him.

But those people who think about disease, that comes into existence by incantation or by the influence of jinn merely as a superstition and fabricated by the people. Just like this, the diseases which have been declared by the doctors as physical disease, he denies that one cannot get cure of these diseases through the blessing of The Quran and he seeks cure (healing) by the doctors, in hospitals and operation. We request such people, "you are free in your thinking whether you certify it or not.

**The events of those people who
have achieved benefit from this
book.**

Three months have hardly passed since the

publication of this book. There are a large number of the patients in this little period. These patients have got well by reciting the Quranic Verses written in this book. I receive three or four phones a week from those people who have got well. For the satisfaction of mind, I present some events in brief here.

In Africa, it became difficult for a magician jinn to get rid of his life.

Our close friend ,Hazrat Hakeem Yameen sahib Ghaziabadi (U.P.) told us that a lady in habitant of Africa, due to the influence of enchant, rolled about restlessly due to the headache and chest pain sometimes. Sometimes she felt that her throat was being strangled. When the doctors after using all their powers and technology accepted defeat, now the members of the household of the patient paid their attention towards the power of Almighty and the Ayaat-e-kareema (Holy verses of the Quran) written in this book. The patient by herself could not recite The Quran. So these Ayaat were read before her. Just she hardly had listened to surah-e-fateha for six time that she began to vomit for four hours. In

her vomiting, the frozen blood, the little round just like clod in white colour and something just like wire. The voice of the patient became frightful also. In the end, the shaitan (devil) who was set over that patient being distressed appeared on that lady and told about that person who enchanted on the lady and promised that he (shaitan) would never come on her. But on the second day, when these Ayaat were read to her, she began to vomit again and cried with different voices. And shaitan appeared again on her. He was asked, "why have you come when you had promised not to come again." He said, "I am not that, one who came yesterday. I have been sent to search for the first shaitan and to kill the patient. but it was the blessing of The Quranic Ayaat that blood thirsty shaitan turning back from his mischief cried for mercy and began to say, "now set me free; I shall never come." Hence he was made him free also. In this way that woman got rid of dangerous and fatal enchantment in three days for reciting these Ayaat.

The inhabitant of south Africa, the thirty one year old young husband of the above mentioned woman being distressed very much of the influence of the enchant wanted to suicide by falling from the highpoint or clashing. When the Ayaat-e-kareemah

written in this book were read to him, some hair and the things alike clod came out in his vomiting. Latter on by the grace of Allah he completely got well.

Except Africa, the people are getting well in Panama, Canada, London, Nepal and New Zealand etc. (by the grace off Allah)

The incantation ended in ten days.

A lady living at Mustafabad in Delhi, told me on phone that she was severely involved in the influence of incantation about for three months. Her feet and hands became quite dead (lifeless). I began to recite the Verses written in this book, her disease began to increase. She vomited. In her vomiting, there were hair and pieces of the meat. It means she was charmed through hair and pieces of meat. She continued the act of reciting The Quran. In the end she felt very weakness. After reading about ten days, her mother told me on phone that her daughter has got well completely and she has recovered weakness also.

A woman got well from an old pain in seven days

Hazrat Molana Abdullah sahib Falahi editor "Idara Madhur Sandesh Sangam" told me that there was a woman of forty years related to him. She had pain of hurt in her hip for fifteen years. Through the blessings of recitation of the Verses mentioned in this book, she has got relief from pain in seven days.

The Jinn left away saying this, You have won and I have accepted defeat.

There is a fresh event. A woman living in Zakir Nagar had been confined to the cot forever. She was unable to walk and sit. She was passing her life as a handicapped. She had got treatment of all kinds. But she felt no relief. When she heard Verses written in this book for some days, she became upset. She vomited but she continued this practice of hearing the Verses of this book. She began to get relief. Now she was able to walk. At last, the jinn ran away saying

this, "you have won and I have accepted defeat." Moreover he said that this woman had firm faith (Iman). This is why she got healing (cure). Now by the grace of Allah, she is quite well. She has good health.

The attendant of the patient, her sister told me about this on phone.

Cancer ended in nine days

MoulanaJunaid sahib whose speech is there with the people in the form of CDs, he describes his experience in this way. A man of Hydrabad __who was told by doctors that he had hardened gland of cancer__ phonedme, though he had this hardened of gland caused by incantation for fifteen years. MolanaJunaid sahib says, "I said to him, I advise you to get treatment through the means ofVerses of The Quran. Do, if you can do.

The way of treatment is here, you have to listen to The Quran from Fajar till night, (because that man could not recite The Quran well.) You will feel sleepy when you will listen to The Quran from fajar till Zohar but you have not sleep. After offering Zohar salat, having eaten the food, after that you have to

take a nap (siesta). He phoned me, in the evening. "Molana! I feel headache while listening to The Quran whole day long!! I spoke to him, by the grace of Allah, the disease has come into grip (certainly, you have incantation). I said to him, you have to listen to The Quran next day. After listening, next day he phoned, "I feel tiredness very much and I feel weakness!! I replied; "by the grace of Allah! The power which was doing the work of incantation is getting weak. On the third day, he grew weaker. On the fourth day, he was so much weak to this degree that whoever saw him, thought that he would not remain alive any more. His father phoned me. He said, "It seems that he is not going to live long in this world." I replied, "O, my brother! He has to die in that manner because he has cancer. O, brother! There is ditch on either side, now you have to judge yourself, where you have put him? Finally, let him listen to The Quran. After that I asked his father, "you as well as he has listened to The Quran. He has fallen ill very much. Have you felt something? He told me, O, Molana! I too listened to The Quran with him, but I felt no trouble. I said to him, you felt no trouble but he feels. Why is it so? Consider over it.

On the fifth day he vomited, in vomiting a stone came out. On it "OM"(Hindu name for God) was written and then the thorns of acacia (Babool), the pieces of meat, a bunch of hair knotted came out with his vomiting. I advised them to listen to the Quran more and more. I think it was sixth day, when he listened to The Quran, he began to vomit in green colour along with green watery motion. He continued to listen to The Quran. On the ninth day, he listened to these verses again. He felt no trouble. I said to him, "the incantation on him, by the grace of Allah, his incantation has gone off. Now you should get cancer checked when he was tested, he came to know that he had no cancer. By the grace of Allah now he is completely well.

The hardened gland of womb ended in two days through the blessing of The Quran

A woman who lived in Surat (gujrat) had bleeding from her womb very much. When she got herself checked up, the doctors advised her that she

had five or six hardened glands in her womb. It needs operation. So, the doctors advised her to get it operated. There is no another treatment except operation. She thought better to get it operated in Mumbai. When they came to Mumbai, somebody advised them to get treatment through the blessing of the Quran, when they were also induced by Molana, they gathered their courage and began to get treatment through the means of The Quran. On the first day, she listened to the Quran from morning till night. In the night and in the morning, she vomited many times and she had bleeding very much. Atlast the bleeding stopped. Next day she went for operation. Before operation she got her tested by sonography. The doctors saw that there is no hardened gland in the womb. The doctors asked them, "Why have you come here?" your report is absolutely normal. They showed the report of two days ago to the doctor, they were told that there was hardened gland in the womb. By the grace of Allah, she listened to The Quran for two days. The hardened glands ended through the blessing of The Quran.

The influence of incantation of sixteen years old went to an end through the blessing of The Quran

Just like this, a wife of a man had incantation of sixteen years old. She started to listen to this Quran, the wicked jinn attended on the woman. He was unable to endure trouble, he began to say to the people. You! Stop listening to this Quran. It will give no benefit. That is to say the Jinni was so much being effected and then he began to say, "I shall not go, I shall not go." He was said, "Who says to you to go away. Thou! Remain here and enjoy by listening to The Quran. A little time just passed, he began to beg pardon. "Forgive me, make me free. I shall never come." Then the wicked jinni told his autobiography, how he attended this woman and who enchanted on this woman. The enchanter who has sent me here is about to come here in two or three days to take her. In real after five days a saint asked the address up to the house of that woman and came. He said, "I fold my hands before you. I fold my hands before you. I did this enchantment for five hundred rupees. I am ready to give you five lakh rupees not five thousand rupees. But give this thing back to me. They

permitted him to take this thing. That hermit cut the corner of his shirt and moved his hand over that woman and asked him to go with him. In this way, the enchantment of sixteen years old of that woman ended.

The way of getting treatment through these verses.

Keeping in view above mentioned conditions and rules, we have to get treatment with this belief, that Allah will certainly cure us perfectly through the blessing of these verses. We should have this concept along with that as just as we recite on The Quran, we shall be getting cure. If someone has doubt in it, the healing (cure) for him will not only be difficult but also will be impossible. Moreover, along with this action to give sadqa(charity) and pray to Allah at heart is essential. The Holy prophet(*sallallahu alaihi wasallam*) said,

"sadqa (charity) is a cure for each disease except death."

It has been described in Hadith that the prayer is in particular granted in the court of Allah if

someone prays to Allah after reciting The Quran. So, one should keep these both things in his view.

The arrangement of the verses of The Quran which is coming on further pages, during keeping it on, the patient will feel idleness and sleepy, all these will there be due to the influence of Satan and jinn, whatever it may be, he should not sleep during reciting The Quran and should not pay attention towards tiredness and sleepy but should continue his work.

One should recite these verses of the Quran after offering Fajar salat or before offering Fajar salat till Zohar. After offering Zohar salat, he should take light meal and then he should take rest for some time with the intention of a midday nap, and it is necessary. Otherwise, the Satan will compel him to sleep untimely. After taking some rest, one should recite these Ayaat till Asar and from Asar till Maghrib. If one who does not know how to recite The Quran, should listen to The Quran, during this period if someone feels headache, giddiness and vomiting or watery motion, after becoming free from them he should continue this action. He should continue to reciting The Quran or listening. He should not shirk at

all, if he is not desirous of reciting The Quran or listening, even then he should continue this action. If he has courage, he should recite The Quran in the night as much as he can do.

You should keep water with you when you recite these surahs; you should blow over it after reciting each Verse or two or three Verses. Besides it, you should blow over your chest. If you can do, you should blow over your hands (palms) and move your hands all over your body as far as your hands reach. Very shortly you will get healing. Hazrat Molana Ashraf Ali Thanvi in Bahishti Zewar says, "if someone doubts that he has influence of evil spirit he should after writing the following Verses put around the neck. He should sprinkle water over the patient after blowing over it. If there is influence of evil spirit in the house, after reciting these Verses over the water, he should sprinkle water in all the corners of the house. (BahishtiZewar 9/88)

You should keep this treatment through the means of Verses of The Quran alive till you have complete cure, however one year or more than it passes. Do you get cure within three or four days by the treatment of the doctors?

Give priority to reciting The Quran than to listening.

The people who know how to recite The Quran with correct pronunciation and payment of the words. They should themselves treat their ailing persons by reciting The Quran. Because it is apparent the blessings what we gain for reciting The Quran by ourselves or listening to The Quran, we could not gain the same blessing when we listen to The Quran through the means of cassettes or C.D.s. while these things which are regarded as condition can not intend to get healing. We shall gain benefit more if we recite The Quran by ourselves.

Moreover The Quran which is recorded if it is listened has the status of helplessness. It can be right to those people who are unable to recite The Quran with correct pronunciation. So the man who recites The Quran correctly should be excited to recite The Quran himself. If the custom of hearing The Quran on C.D.s becomes prevalent among the Muslims and the Muslim searches for the blessings of Allah in them, a time will come very soon that he will make himself satisfy by hearing The Quran on cassettes in their house being free from reciting The Quran. He will

keep busy in his works instead of paying attention towards tape record. As it is being done so in other religions as Hindus and polytheism.

While the Jews as well as Christians have not recorded their pious religious books, the Torah and Bible from the very beginning lest the people should enjoy them like songs. (Izah-ul-Masail:43)

Due to above filthy cause, Hazrat Molana Ashraf Ali Thanvi, Hazrat Mufti Kifayatullah sahab and big theologians have regarded it illegal if The Quran is recorded in cassettes or listened to The Quran by means of the cassettes. (Jawahir-ul-fiqh:4/74, Imdad-ul-fatawa:4/ 237, Kifayat-ul-Mufti:9/ 203 Al amanatulAammaliklbar-al-ulama) Allah says:

وَلَا تَتْلُوا آيَاتِ اللَّهِ هُزْوًَا (بقرة: ٢٣١)

What will there be effect after reciting The Quran or listening to The Quran

When the patient will listen to The Quran or will recite constantly, if he has disease in real, the reciting of The Quran will begin to fall an effect. If the

patient has the influence of enchantment in his body, he feels pain on the particular parts of the body. The pain will begin to increase. If he was enchanted through edible things, he would feel abdominal pain or a severe pain in his stomach or would feel darkness in his eyes or feel the itches very much.

If he has the influence of jinn, he will feel headache very much and he will do strange kind of activity. If the patient has no effect after reciting The Quran and listening to The Quran for three or four times, it will be considered that, he has no disease. If he had some trouble, it went to an end. If the trouble increases as soon as he recites The Quran he should continue to recite The Quran till his disease ends.

The essential clarification in regard to medicine

On some time, during treatment, vomiting, loose motion or any other disease can there be or that disease he has, can increase. It is the treatment that one should recite on the noble Verses. No medicine there are be useful except reciting these Verses. There is no use of taking medicine if any disease becomes visible after reciting

these Verses. Because this trouble is not due to having disease but it has effect of reciting The Quran. There is no harm if the patient takes any medicine. Yes of course, one should continue regarding disease can be taken if the patient wants. It makes no difference.

Nullification of mistake

The ways which have been written above are any how advice (course of action), one can get healing (cure) through the blessing of these Verses if Allah pleases.

A great noble (Hazrat Molana Ashraf Ali Thanvi *(rahmatullahi alaihi)*) in regard to this, has given the best article.

He says, "A letter in which a man has written, "I am in debt"! has come to me" suggest me any recital. I wrote in the response. "No recital is more effective than praying to Allah, in regard to this," Molana said that "the people have given up to ask for from Allah. The relation between the servant and Allah,

has become very weak. In regard to this, the people have wrong beliefs. (Al Izafat-ul-yaumiya:1/70)

So, during treatment, two things should be kept in view very much.

(1) One should have practice of praying to Allah.

(2) If one gets no relief, one should not consider that the Verses are ineffective but one should have firm belief that if he is destined to get relief, will certainly get. We are pleased in all the states in which Allah pleases.

The advantages of this treatment

Through the means of this treatment Iman remains safe. Iman is the most valuable capital for a Muslim. As the Holy prophet (sallallahu alaihi wasallam) says,

"the man who goes to a soothsayer or an astrologer and he believes in what he says it means he has falsified the Islamic law which was revealed upon The Holy Prophet (sallallahu alaihi wasallam)" (Tirmizi, rawahu Ashab-ul-sunan)

Except it, it saves money, time and honour.

The Manners and Sunnahs of reciting these noble Verses

- (1) To recite the Quran with this intention only to please Allah or to get reward of virtue to recite or listen to The Quran with this belief that Allah will end my disease through the blessing of The Quran. If the disease does not come to an end, you should think that it was the deficiency of your belief.

The women who are in the state of monthly course can recite these Verses

A woman who is involved in menses or maternity feels the need to recite the collection of

these Verses can recite these auspicious Verses without making ablution or taking a bath but she should not touch these Verses with her hands. She should touch these Verses with the piece of another clean and chaste cloth. She should not touch these Verses with the clothes which she is wearing.

In the state of menses or maternity, the woman can recite these Verses with the intention of treatment. It is not legal for a woman who is involved in menses and maternity to recite any Verse of the Quran with the intention of recitation.

فلو قرأت الفاتحة على وجه الدعاء أو شيئاً من الآيات التي فيها معنى الدعاء ولم ترد القراءة لابس به (شامى : ٢١٢١ رشيدية)

Can a non-muslim read and take in his hand QuranicAyaat?

Such a non muslim as is known as a man of good behavior and habit and we are certain that he will bear the honour of Quraanic verses written in this book in his mind and he will not dishonour it, it is legal to give this book to such a man. The event of Hazrat Umar(rz) before embracing Islam has this agreement.

In the state of being non-muslim, it is legal to read Ayat-e-karimah written in this book to him and read both are legal. Yes of course, It is more excellent to read to him.

Which Ayat (verse) should be recited for how many times

- ❖ It is essential for one to recite only **أَعُوذُ بِاللَّهِ** where **أَعُوذُ بِاللَّهِ** is written. Where **أَعُوذُ بِاللَّهِ** is written with **بِسْمِ اللَّهِ**, should be recited both.
- ❖ There is a line under the verse or verses or a piece of verse which has to be recited many times than once. The quantity has been written just further it that how many times verse has to be recited. For example: the line has been drawn under "*surah fateha*" and the quantity {7 times} has been written in the end of the surah, for how many times "*surah Fateha*" has to be recited. It is essential, the underlined Verses should

be recited according to the number is given.

- ❖ The surah as (*surah Fateha, surah Ikhlaas, surah Falaq* etc.) have been pointed to recite many times, they should be recited for each time with Bismillah.
- ❖ The Verses under which line has not been draw, is enough to recite only for once.

It is essential to recite the whole collection

The Verses which have been written on the next pages should be recited all. It is not so that particular Verse is for particular disease. But it is essential to recite the whole collection for all diseases.

The above mentioned Verses which are in order should be recited according to the guidance for all diseases

The safety for future

It is essential to be anxious for future when the present disease cures. How can my house, the members of my family, my business as well as I be safe from evil sight (evil influence)? How can those people who are safe, maybe far from the troubles?" the most beneficial prescription is that which has been prescribed by the Holy Prophet (*sallallahu 'alaihi wasallam*). Keeping in view sunnahs, one should recite particular dua (prayer) before the beginning of each work. These dua as should be learnt by heart and should be recited on the occasion of needs. These duaas should be made learnt by the children. It is essential to recite the whole collection for once moreover "*surah Bqasin*" should be recited along with these Verses, if it may be. By the grace of Allah no disease of any kind, no trouble of any kind will give you harm.

Two more treatment for cancer and other chronic diseases

One treatment for cancer is done through the blessings of Ayaat-e-kareema (holy verses) which has

been mentioned in the end of this book. One else treatment is successful as some events have been written earlier related to it in the book.

Besides it, two more treatment, in brief being written. These treatments have been tested by the nobles of the religion having perfect faith in The Quran. We should gain benefit from these two treatments.

One more specific treatment of cancer

Of the tested treatments of cancer one more treatment is being written. If someone does it with firm belief, by the grace of Allah he must gain benefit, this action besides being specific, Uzair Ahmad, the writer of this book by himself observed the benefit of it.

This action is : after azaan of fajar soon having offered sunnat one should have water in some pot and except of it, the thing over which one has to blow should put it before him. Before obligatory salat of fajar, one should recite بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

“meem” of Raheem with “laam” of الْحَمْدُ joining it should be recited, just like

{ بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ الْحَمْدُ } up to وَلَا الضَّالِّينَ forty one times for forty days. It will be better if one has water of rain or zam zam.

Along with the treatment of Ayaat-e-karima mentioned in this book, this treatment also can be carried on.

Improbably, Allah may cure your patient through this treatment.

One more proved and brief treatment of cancer

One treatment of cancer is made by the means (blessing) of Ayat-e-kreemah above mentioned in the book. This treatment is the successful treatment. As some events this one brief treatment which is one of the experiences of the noble persons is being written here more. The people who have faith in The Quran of Allah can be beneficial to it also. The treatment is given below:

At first one should recite Darood shareef for eleven times and then surah Fateha for eleven times,

(.....لَا إِلَهَ إِلَّا اللَّهُ up to the end).

After this, after reading "أَعُوذُ بِاللَّهِ مِنَ الشَّيْطَانِ الرَّجِيمِ" and

"بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ" this Ayat:

أَلَا يَعْلَمُ مَنْ خَلَقَ ۖ وَهُوَ اللَّطِيفُ الْخَبِيرُ ﴿١٢﴾

should be recite for two thousand and twenty two times (2022). After that one should read surah Fateha for eleven times up to the end. It should be kept in mind that surah Fateha should be read with Bismillah for each time.

In the morning and in the evening, one should blow over water and should drink it. It should be better if someone has Aab-e-Zam Zam. If someone is taking medicine he should blow over it also. Keep practice this action in continue till you get cure.

NOTE: It should be kept in mind. It should not be read less than two thousand and twenty two (2022) as 2021 or 2020 but it can be more than 2022 as 2023. If one or two can be access. There is no harm in it.

The useful treatment of incurable old diseases

However the old and hard disease, may be the doctors as well as Hakeem (physicians) have failed in the treatment and they have declared the disease as incurable or they advise for a long treatment or operation or the patient is suffering from gout, disease of joints or endless pain or he has any chronic disease.

For all those, if the following mentioned advice is acted upon with firm belief. By the grace of Allah, he will

certainly be beneficent.

The action is the same as just has been mentioned in the heading of "one more specific treatment of cancer" that is to say after two raka't sunnat of fajar and before the two raka't fardh of

fajar : to recite بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ joining with اَلْحَمْدُ it should be recite as it has been given before.

Note: for the treatment of the above mentioned diseases, is must to recite the collection of Ayaat-e-kareemah written in this book. Along with this, you can continue this action.
